The Honorable Joe Donnelly
United States Senate
720 Hart Senate Office Building
Washington, D.C. 20510

Dear Senator Donnelly:

The Indiana Hospital Association joins fellow Hoosier business groups as well as associations representing local governments in supporting H.R. 2319/S. 1117, the Consumer Financial Choice and Capital Markets Protection Act. This legislation would allow investors to continue to use money market funds on a stable net asset value (NAV) basis. This option was eliminated in October 2016 when amendments adopted by the Securities and Exchange Commission (SEC) to rule 2a-7 became effective.

The downstream effects of this rule threaten the robust capital markets needed to fund important public infrastructure projects, including health facilities. For this reason and many others, H.R. 2319/S. 1117 have attracted broad, bipartisan support in Congress and we ask you to consider becoming a sponsor.

Sincerely,

Brian C. Tabor
President
